COURSE DESCRIPTION

In order to redevelop the landscape, there must be a review of the land survey in order to determine where corrections need to be made, therefore increasing the success of improvement. This course has been developed to address the psychology of men in order to properly evaluate the soul through proper Biblical Principles. Starting with the MIND: we will address how essential it is to be cover by the blood of Christ. Following, we will address the WILL: addressing how essential it is to align our will with the Will of God in order to achieve Kingdom prosperity. Then finally addressing the EMOTIONS: being initiated and enlightened to the gifts and calling of God will bring the flesh in alignment with the Spirit.

OBJECTIVES

The objectives for the School of Men's Ministry are to:

- Reevaluate what we think and change what we do.
- Bring into alignment our will with God, establishing empowerment.
