COURSE DESCRIPTION

In order to redevelop the landscape, after land survey and development, we are in position to become prosperous. This course has been developed to address the psychology of men in order that one's soul may prosper through proper Biblical Principles. Again, starting with the MIND: one's mind must come in alignment with Christ. Following, we will address the WILL: addressing that it is God working in us to will and to do according to his good pleasure. Then finally addressing the EMOTIONS: proper achievement produces good health, in which is the result of a prosperous soul.

OBJECTIVES

The objectives for the School of Men's Ministry are to:
